CASL COMMUNITY

This past Saturday, Martin Rodriguez-Arispe, CASL's Community Outreach Coordinator, hosted the last Haven House Services soccer clinic of the season. These clinics are for at-risk youth served by Haven House Services. This year, a total of 50 youth age 7-16 participated in Saturday sessions where they learned the game of soccer in a safe, structured environment. Many of the youth were outfitted in gently used CASL gear that has been collected over the season. Special thanks to all of the CASL families who helped support this program through equipment donations. You can still donate equipment at drop boxes at the Radford Building and North Concessions at WRAL Soccer Center.

Don't miss the RailHawks as they take on the MLS' Chivas USA on Saturday in their quest to win the Lamar Hunt U.S. Open Cup. The RailHawks hold the number one seed in league standings after defeating Tampa Bay this weekend.

CASL COMMUNITY

CASL has been part of the capital area community for nearly 40 years. It is our goal to give back to the community that has supported us for so many years. HEART is one way that CASL provides soccer opportunities for underserved populations that might not otherwise be able to play. The last clinic was held this past weekend. Participants were exposed to instructional coaching time and scrimmages.

"…our son Logan who has Autism wanted to play soccer so badly…it was so hard for my husband and I to watch him want something so badly but could not be a part of it. You have made Logan happy. He calls HEART "MY" soccer." – Montanye Family

HEART is designed for youth with mental disabilities and provides them the opportunity to play soccer.

Name: Katharine Kelley
CASL Affiliation: '84 Elite Alumni 2002
Current Affiliation: CASL Director of Relations

It's a little strange to spotlight myself, but I wanted to share with you all that I am coming full circle with CASL as the new Director of Relations. I started my playing days with CASL in the early 90's and had an amazing experience as a player with the '84 CASL Elite (aka the Vipers back when classic teams named themselves). After graduating from Furman University, where I represented the Paladins on the field for four years, I came back to Raleigh and coached CASL summer camps and U-11 teams. I'm excited to work with the organization that had a positive impact on my personal and soccer development. I will be staying in touch with all of you moving forward keeping you in the loop and up to date on the most important CASL news.
