15 Teams and Counting in the Fight against Women's Cancers

The teams are starting to stack up and create some competitive 4v4 brackets for this year's [CASL Play 4Kay 4v4 Charity Soccer](#) Event set for January 11. Remember, **100% of proceeds from this single day soccer event will benefit the Kay Yow Cancer Fund®**, which provides much needed financial support to research on women's cancers. The Fund was founded by a familiar name to many of us: the late Coach Kay Yow (pictured right) – former NCSU Women's basketball coach. She fought breast cancer multiple times during her life, and her legacy is the [Kay Yow Cancer Fund](#) which leads the fight against all women's cancers. YOU can be a part of this by putting together a team of 8 and [registering for the CASL Play 4Kay](#). Registration is only \$180, which amounts to a little more than \$20/player. The Fund is currently reviewing proposals for a \$1 million research grant, \$200,000 is already slated to be awarded in two different \$100,000 research grants this year, and the Fund has plans in place to award another \$1 million research project over the next 2 years. Cutting edge research funded by the Fund can help improve and extend the lives of all those affected by cancer. We hope you will join us in January to honor those who have lost their battle to cancer, to support those who continue to fight, and to provide future support to those who may be affected by cancer.

CASL Holiday Gift Guide

With Thanksgiving so late in November this year, the holidays will be here before you know it. If you are looking for some soccer gifts this year, be sure to check out these special promotions that CASL families can receive:

[MiracleFeet Socks](#): Did you know that Mia Hamm was born with clubfoot? Fortunately, she had the medical care to treat it early. Others around the world are not so lucky. You can help give a child the opportunity to walk, run and play soccer by purchasing these socks. \$5 dollars of your purchase will support MiracleFeet, who provide proper treatment for children born with clubfoot in developing countries.

[Silver Edge Gear](#) (Promo Code: CASL) produces silver-lined bags, goalie glove inserts, shoe inserts, and shin guard pads that are guaranteed to stop the stink!

[Game Time Fundraisers](#): 25% of your order can come back to support CASL and you'll also be supporting [Goals for Girls](#). Fatheads of your favorite soccer stars or teams can adorn your kids' walls!

Name: Nathan Kirsch

Recognition: CASL Community Outreach Volunteer of the Year

CASL's Community Outreach efforts have grown tremendously over the past few years providing youth from underserved populations the opportunity to learn the game of soccer. Dedicated volunteers, like Nathan, keep our community outreach efforts alive. Nathan, a high school student at Cardinal Gibbons and CASL player from 2010-2013, has always had a passion for serving others. He knew he wanted to serve others through the game of soccer because the sport has always been an integral part of his life. Nathan has been helping Community Outreach Manager, Martin Rodriguez-Arispe, run programs over the past year at Peach Road Community Center, through CASL's HEART program, and Friendship Cup all while juggling school, CASL practices, and more! Nathan is a great role model for his three other siblings, our outreach participants, and CASL players. Thank you, Nathan, for all your time spent serving others and spreading the game of soccer to those in our community.
